

The park master plan lays the necessary framework to develop the park as a community gathering space while providing opportunities to connect to nature and neighbors.

- ARRIVAL and IDENTITY

Create a formalized fully accessible entry to establish the park as an important space that reflects the community
- CIRCULATION and ACCESS

Incorporate connections within park to allow access for all to entire park and creek
- ACTIVE RECREATION and PLAY

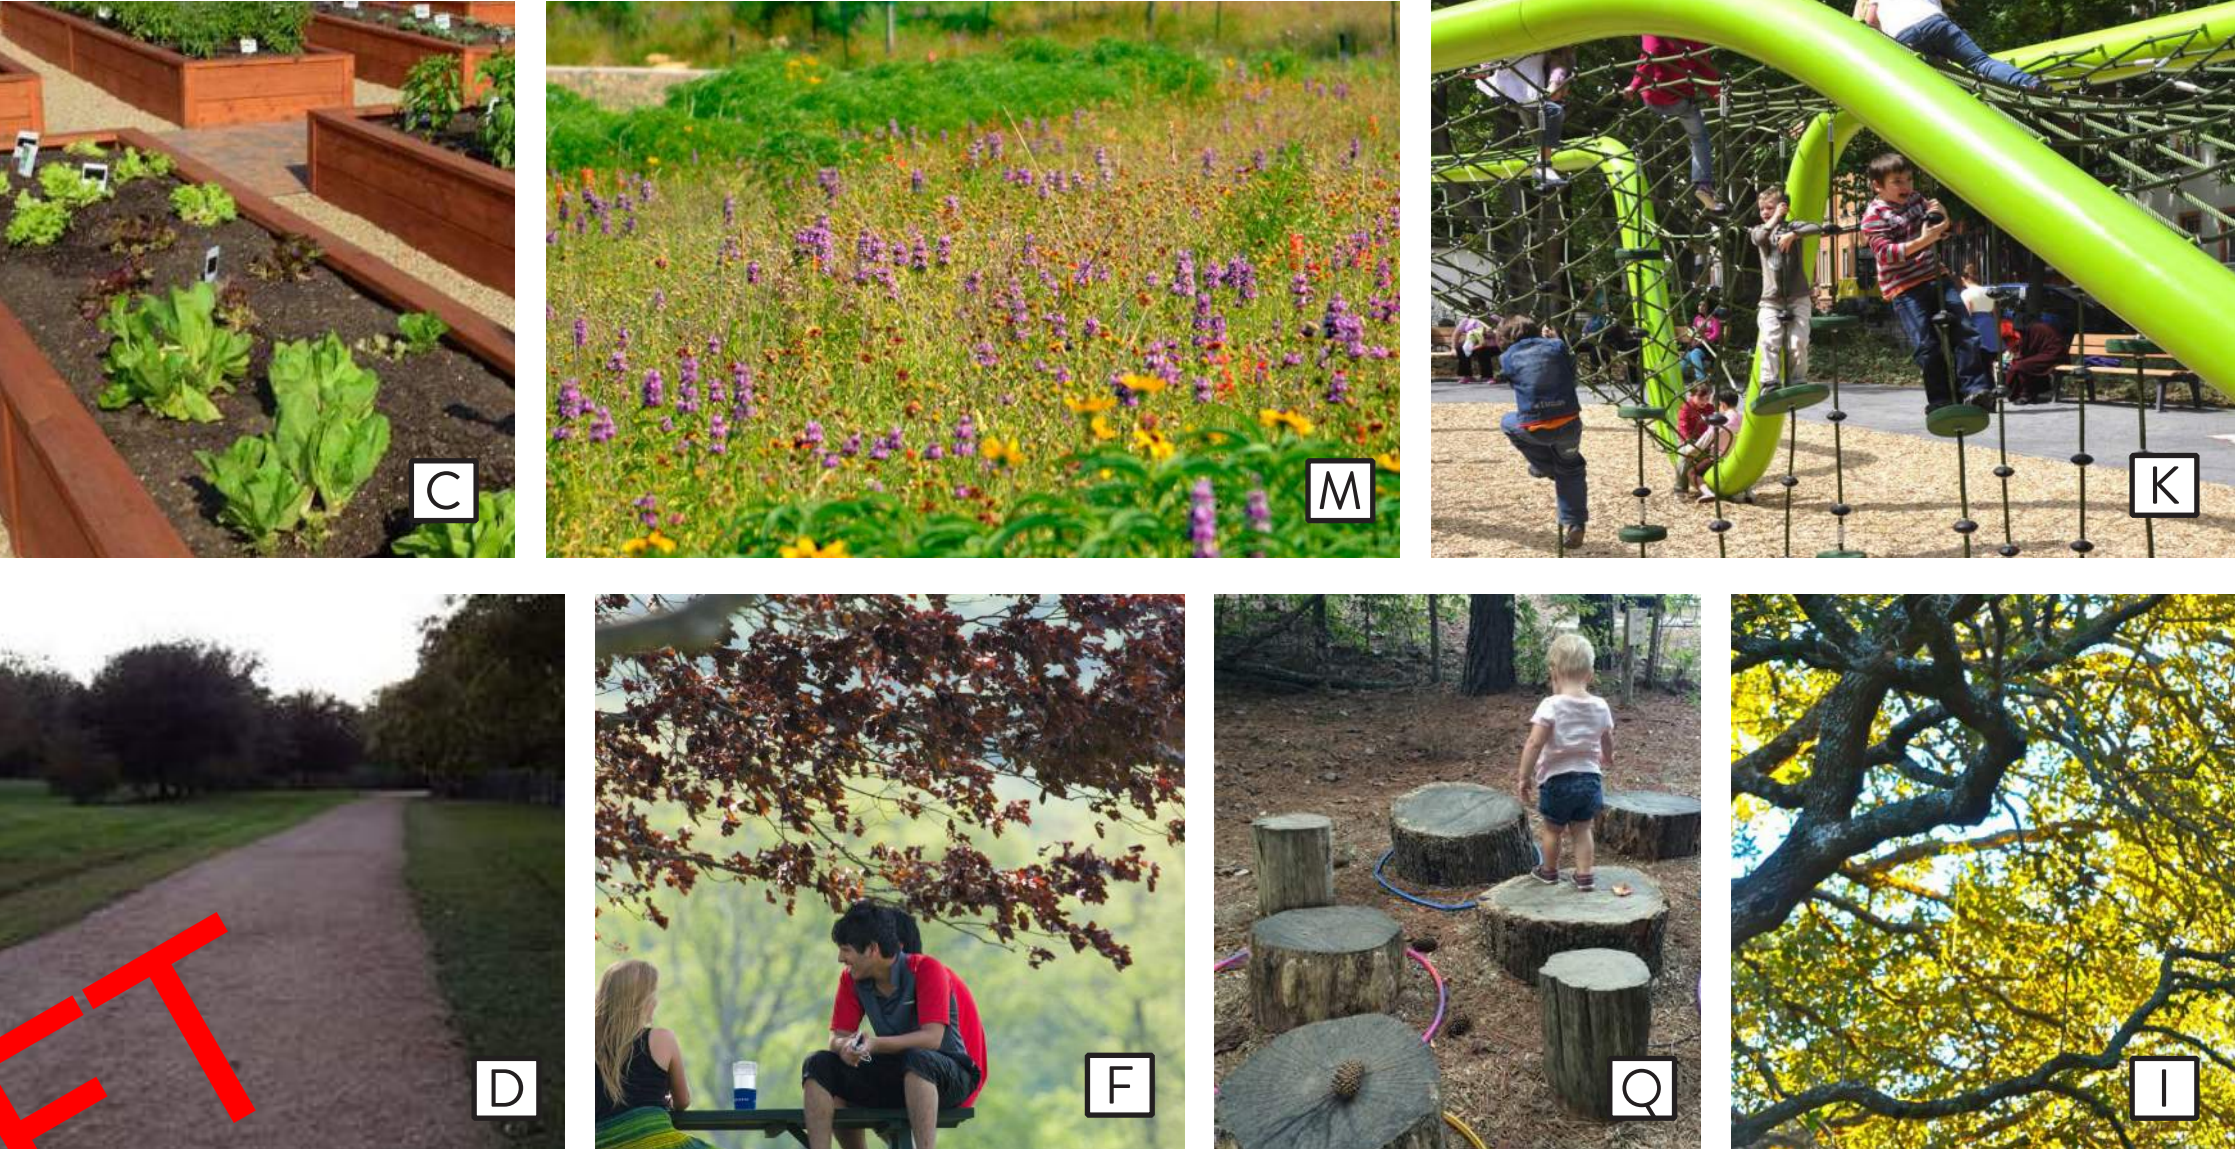

Include park amenities that allow active recreation options for all ages and abilities
- VISIBILITY and CONNECTION

Lay out space to maintain visibility and to foster connection to community and nature safely

LEGEND

- A PARK SIGN
